

SET UP YOUR BUSINESS IN LIVERPOOL

UK CAPITAL OF FAST GROWING INNOVATIVE COMPANIES

Inventya are working in conjunction with a Liverpool Vision as a delivery partner in the UK (for current EU based companies) to deliver a project for a select number of businesses that we believe could benefit from a comprehensive fully-funded inward investment pack to help them move to the next level of international growth.

What is on offer?

Thanks to the support from Liverpool Vision, this initiative offers a broad portfolio of support to your company if interested in growing/establishing your business in Liverpool City Region.

- 1** Expanding your SME to the UK in the next 1-2 years.
- 2** Your business sector is: manufacturing and engineering, energy, business, professional and financial services, technology, creative and digital, life sciences, logistics or transport?
- 3** You do not have operations currently in the Liverpool City Region, not solely looking for a trade partner or distributor, your turnover in excess of Eur 1.1 m to ensure any investments made are sustainable?

THE SUPPORT OFFERS:

- finding ideal location for an office
- organising site visits
- support with travel costs
- office discounts for up to 6 month
- support for employing local talent
- finding and applying to local funding
- access to programmes that can deliver up to 7 days of funded consultancy services
- last but not least, up to €30,000 of funding to cover some of your costs

This package of support is worth over €50,000.

THE SERVICES INCLUDE:

- Provision of a dedicated account manager to support your project
- Delivery of bespoke research intelligence that can provide contacts and additional information about the UK market
- Introductions to business support organisations and guidance on financial incentives, including accessing UK grant funding
- Access to funding for your visit to Liverpool
- Advice on availability and costs of commercial property and soft-landing schemes
- Introductions to business networks and professionals
- Introductions to research and technology expertise
- Information on staff recruitment and training
- Organising and hosting briefing visits for key staff
- Maximising PR associated with your investment
- Dedicated aftercare account manager, linking you with public sector support services, and providing bespoke business development services
- Access to our 'Liverpool in London' office
