Why to look for subcontractors in Poland?

- > industry with cutting-edge machinery park and qualified professionals
- > competitive price
- > stable economy
- > convenient location

Exhibitors: providers of subcontracting services

Visitors: producers looking for new subcontractors

Thematic scope:

- > metal processing
- > plastics & rubber processing
- > electronics & electricity
- > industry services

The international matchmaking meetings are the key element of the Subcontracting exhibition. They are an effective means of establishing relationships with subcontractors and potential of errors, which has been proven by very successful previous editions-322 bilateral talks in 2017 (entrepreneurs from: Bulgaria, Czech Republic, Denmark, Finland, France, Germany, Great Britain, Hungary, Italy, Lithuania, Norway, Poland, Slovakia, Slovenia and Sweden).
